DYNAMIC CONTRAST UP TO 30,000:1

BRIGHTNESS: 500CD/M²

ACTIVE VISION LCD PICTURE PROCESSING

SRS WOW®

NICAM, 20W RMS

3x HDMI™

COMPONENT VIDEO INPUT

LUMA SENS

REGZA LINK (CEC FUNCTIONALITY)

GAME MODE

Our new REGZA CV series HD Ready LCD televisions have a 1366 x 768 HD Ready panel, driven by our acclaimed Active Vision LCD picture processing technology. It delivers stunning images from any high definition or standard source.

Luma Sens technology detects brightness levels in the room and adjusts the contrast levels to reproduce detailed screen images and reduce power consumption.

Stunning sound quality is guaranteed with SRS WOW technology delivering an expanded audio performance through the integral slimline speakers.

The additional feature list is equally impressive, with a dedicated Game Mode; three HDMI connections; a component video input; REGZA Link CEC functionality and an integrated digital tuner making the CV series a hard act to follow.
